## ABOUT US

NT Nedz Consulting Projects, is an active company based in Gauteng and Limpopo and it can able to expand to other provinces with the main objective of providing customers with great customer service and all organization needs in an efficient manner.

The company was established in 2017 by Mr T Nedzungani the Black South African male.

We intend to be a one stop solution for all your projects and requirements. We envision a future where in the company is a household name, a future wherein our brand symbolizes superior community living in the highest standards of quality and customer delight.

It is equipped with the requisite expertise and wide ranging experience to undertake any project with single source responsibility. Contracts are executed using project management techniques from concept to commissioning.

*“Projects we have completed, demonstrate what we know - future projects decide what we will learn.”*

# INTRODUCTION

Established in 2022, NT Nedz Consulting and Projects Pty (Ltd) is a proudly South African whole black owned company with full registration and legal compliance required for a projects company.

The company was formed on the backbone of extensive management and technical expertise within the trading sectors to better serve the market. We later saw the need to diversify to be a multi disciplined projects company.

NT Nedz Consulting and Projects is a company that is mostly focused in the field of Consulting and Construction services, Supply and Logistics services, installation and maintenance services, general trading and sourcing of supplies and services. We are a business committed to our customer's total experience in dealing with us which causes us to be preferential over our competitors.

We believe in team work, and are not bound by organizational walls. We are thinkers! Our passion and responsibility is part of our complete service package. We provide competent management to ensure the clients trust in what we do. As a result of this approach several strategic partnerships were entered into highly esteemed companies of professionals to ensure maximum corporate outputs.

## VISION

Our vision in NT Nedz Consulting and Projects is in the projects industry, general supply etc to make its mark in the promotion of  South Africa living standard.

The business is also set to develop itself as the most suitable and compatible supply entity that has emerged from the PDI community.

## MISSION

We are a business where our customer's total experience in dealing with us quality service, cost, innovation causes them to prefer us over our competition. We are a business where our people work in teams, are not  bounded by organizational walls, are thinkers and participants, take responsibility and ownership for how our business operates, knows where they stand, have the opportunity to learn and advance, and know how to take advantage of these opportunities. We are a business where our owners want to invest in us because we consistently deliver on our competition.

# OPERATING OBJECTIVES

By offering constructive innovative solutions to stakeholders with sound experience from our team in operations, we are sure that will bring profitability and longevity inclusive of correct, acceptable and efficient working systems. Formally representing our clients in operations that will bring profitability and longevity inclusive of correct, acceptable and efficient working systems.

Market our brand with an outreach to set standards to attract investors to our shores. To create and foster a foundation hub for learnership. Mentorship and post graduate training and research  for competitiveness in the market. Foster sustainability in relation to retaining skilled workforce, subcontractors and support services that know our operating systems thus maintain a healthy business practice throughout the business life span.

Achieve daily, monthly and annual targets by keeping a positive attitude, dedication, decisiveness, patience, loyalty and innovation alive in each member of our organization with which will foster a ripple effect of employment, profitability and longevity. Increase our asset base to gather and set momentum with precedence for the creation of wealth and sharing thereof.

## BROAD-BASED BLACK ECONOMIC EMPOWERMENT

As an organisation entrenching itself as a player of note in the industry, NT Nedz Consulting & Projects is fully endorses what the mandate of BEE seeks to achieve. To this end, we use acceptable measures within the confines of the provisions of an affirmative action policy, to ensure that persons who were previously discriminated against on the basis of race, gender, physical status and otherwise, play a meaningful role.

The human resources (HR) Management of NT Nedz Consulting & Projects shall ensure that - whilst we espouse values that seek to entrench our company as an equal opportunity employer - first preference is given to PDI's where such feasible opportunities arise in order to fast track the process of transforming the face of our organisation. We believe that a greater cultural diversity in the company will produce a more effective organisation in Southern Africa.

However, in order to guard against exposing ourselves to perils of token appointments, thereby defeating our good intentions, we have devised specific Programmes that seek to groom and prepare those earmarked for possible future responsibilities.

## OUR PRINCIPLES

As a company responsibility for our customers, shareholders and employees, we will:

We believe in meeting our customer needs, everything we do must be of high quality. We must constantly strive to reduce our costs in order to maintain reasonable prices. Our supplies and distributions must have an opportunity to make a fair profit.

Everyone must be considered as an individual. We respect their dignity and recognize their merit. Employees must feel free to make suggestions and complaints. There must be equal opportunities for employment, development and advancement for those qualified. We must provide competent management, and their actions must be just and ethical. Our financial responsibility is to our stockholders.

## AFFIRMATIVE BUSINESS ENTITIES

Our procurement policy will ensure that where possible materials, equipment and subcontracts will be obtained/purchased from BBBEE's or SMME's.

# EMPLOYEE DEVELOPMENT

To ensure that the country also invest:

Encourage initiative, innovation and productivity by appropriately recognizing and rewarding employee performance. Invest in employee training and development at a rate of 2% of payroll. Honestly and accurately appraise and evaluate the performance of each employee on at least an annual basis.

Provide for the orderly succession of management. Maintain a positive affirmative action program and provide employee with the opportunity for advancement commensurate with their abilities.

# QUALITY ASSURANCE

This aims to prevent quality problems through the following:

- Planned documentation.
- The establishment of goods quality management system.
- Assessment of its adequacy.
- Audit of the operation of the system.
- The review of the system itself.
